

**COST-EFFECTIVE SCHOOL
TRAINING SUBSCRIPTION**

True Security Design teaches today's modern professionals' vital skills through courses designed to engage and empower its participants. The goal of our On-Demand School Health and Security Training Subscription is to transform school health and security training from the tiresome requirement it has too often become into engaging and productive learning that staff and administrators can access anytime or anywhere.

Finding time for training for all school faculty is often an impossible task for school administrators. True Security Design recognizes this and offers on-demand video training rental bundles and subscriptions that are accessible at any time to help keep their students safe and healthy. With a variety of topics ranging from De-Escalation training, to anti-vaping training, students, staff, and parents can all benefit from receiving quality training videos whenever and wherever.

With a variety of topics ranging from classroom crises, anti-vaping training, to table top simulation games and exercises, students, staff, and parents can all benefit from receiving quality training videos on their own time.

Who Benefits

STAFF – When students and staff are in immediate danger there is not much time to respond before the event could become tragic. The staff members on the front line need to have skills to assess, contain, and diffuse the situation, providing a safer outcome.

STUDENTS – Will have a better understanding of what to do in a crisis situation and how to handle themselves to ensure their safety and help those around them.

PARENTS – Gain peace of mind knowing their children are in a building that has taken the proper precautions to ensure safety during crises and external threats.
